Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 2-13 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Onuki et al.

See the appropriate paragraph of the 9/8/04 Office action.

Response to Arguments

Applicant's arguments filed 12/10/04 have been fully considered but they are not persuasive.

Applicants' amendments and remarks have obviated the 35 USC 112 second paragraph rejections and the 35 USC 102(b) rejections over Gronek et al.

Applicants state Onuki et al. does not teach the claimed "contamination shielding panel defining an opening ...". Gronek et al. teach in figures 1 and 8 an opening in cover (14) that accommodates optical element (3a). Cover (14) has been properly read on the instant claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
